

## **2010 Schedule of Sailing Classes**

### **ASA Coastal Navigation Class**

Four Sundays in March (11 a.m. to 5 p.m.), March 7, 14, 21, 28

In this popular 4-session class developed by the American Sailing Association (ASA) you will learn to use traditional coastal navigation tools and publications. You will learn to determine your location on nautical charts using bearings and fixes. You will learn how to plan coastal voyages. And you will learn to use electronic navigation equipment. Classes are held at the **Kansas City Sailing** shop in North Lawrence. The cost is \$275 which includes ASA's textbook, DVD, 24 hours of class time, certification, lunch and snacks, beverages, and more.

### **Weekend ASA Basic Keelboat Classes at Perry Yacht Club**

April 17-18; May 22-23; June 12-13; July 24-25; August 28-29

This is the entry level sail certification class developed by the American Sailing Association (ASA). It is designed for students with some level of prior sailing experience who wish to be certified by the ASA. In this class you will learn basic sailing skills, rigging, safety, sail vocabulary, knot tying, and much more. These classes cost \$350 and they include certification from the American Sailing Association upon successful completion of the class. Individuals who have never sailed before can prepare for this class by taking our One-Day Sailing Class for Beginners.

### **One-Day Sailing Class for Beginners at Perry Yacht Club**

Sundays, April 25; May 16; June 20; July 18; August 8

The purpose of this class is to introduce beginning and inexperienced sailors to the basics of sailing. This course is an ideal prerequisite to ASA Basic Keelboat Classes for those who have never sailed. The cost is \$150 for a fun and educational 6-hour day of sail instruction.

### **Introduction to Spinnaker Sailing Class at Perry Yacht Club**

Sundays, June 27; July 25

It's every sailor's dream: to sail into the sunset under the beauty and splendor of a spinnaker. In this one-day class students learn the basics of spinnaker terminology and handling. The cost for this class is \$150 for a 6-hour session.
